

The background of the image is a blue-tinted molecular structure, possibly a protein or a complex crystal lattice, with various spheres representing atoms and lines representing bonds. The spheres are in shades of grey, black, and white, and the lines are thin and dark. The overall effect is a scientific and technical aesthetic.

THIRD PLACE AWARDS
Senior Division

**Third Place Senior Division
Animal Sciences**

Third Place Senior Division Animal Sciences

■ Heidi Rabe

■ Central Union High

■ Advisor: Rueda
